Dear Sir:

Applicants agree in part with the Examiner's statement of reasons for allowance in that the prior art of record fails to anticipate or render obvious the claimed invention. However, Applicants note that the Examiner's statement fails to address all limitations of all of the allowed claims. For example, certain claim limitations were not discussed in the Examiner's reasons for allowance, including those in the dependent claims, each of which defines a unique combination of features not shown or suggested by the prior art, providing additional reasons for allowance of each claim.

Application No.: 10/721,190

Docket No.: M4065.0852/P852

Applicants submit that the scope of the claims should be interpreted based on the actual language of the allowed claims, and no further limitation of the claims should be inferred from the Examiner's Statement of Reasons For Allowance.

Dated: April 27, 2009

Respectfully submitted,
